

View Campaign Changes

After you have [created a campaign](#) and a [message](#) , you can view any changes you have made in the *Changes* drop down at the top of the screen.

This Article Explains

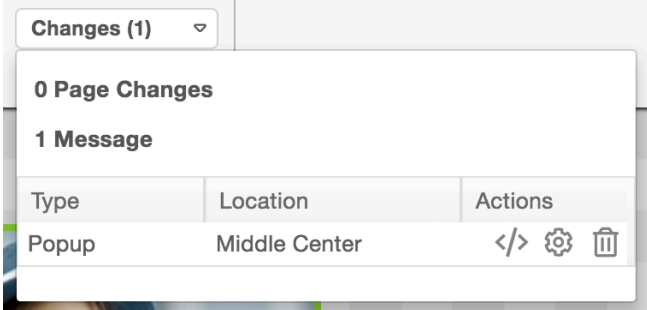

This article details how to view page changes.

Sections in this Article

- [View Page Changes](#)

View Page Changes

1. Log into the *Evergage Platform* or the *Visual Editor*
2. In *Channels & Campaigns* in the platform, select the channel type
3. Select **CAMPAIGNS** and open the campaign that contains your message
4. The *Changes* dropdown shows the number of page changes and messages in the current experience
 1. Hover over a non-*invisible* message to highlight that message on the screen. Click to select it
 2. Click  to edit the HTML, CSS, or JavaScript source of an individual message
 3. Click  to change [Message Settings](#)
 4. Click  to delete the message or page change
